The Green Mountain Adventure Challenge begins with a story that leads to a set of clues - maybe an old letter or a grainy map - which lead to more clues, the end of the story and possibly... cash. Lots of cash.

Solve the clues right the first time and you'll spend no more than 2 days exploring ancient forests, climbing mountain summits, solving mysterious codes and enjoying spectacular Vermont scenery.

The clues are hidden in everyday places around town; on a hiking trail, at a bar, on a bridge or with the local townfolk, perhaps. The answers to some may be obvious while others may leave you stumped and wandering for hours - or days.

You and your team will succeed (or fall apart?) in pursuit of glory and riches while raising money for the fight against cancer.
